

NEWSLETTER

Coronavirus

Following the latest government advice we will be remaining open until further notice. However, the following new procedures will now be in place with immediate effect:

- Please do not send your child/children into playgroup if they have a **temperature of 37.8 or above**. Children who develop a temperature during their session will need to be collected immediately; children and their families should remain at home for 14 days.
- Please do not send your child/children into playgroup if they have a **persistent cough** or develop a **new cough**. Children should remain at home for 7 days, with the family self isolating for 14 days.

We appreciate that these new measures may cause some inconvenience to parents but during these uncertain times we have to follow government advice, safeguard children and staff and do everything we can to contain this disease.

Headlice

We have had several cases of head lice at playgroup, please check your child's hair and treat accordingly.

Car Park

We are aware of some issues with the use of the car park; this is a used car park, not just by us but by visitors to the church, the public and workmen. Whilst we advise you not to use the car park during busy times we cannot stop this, if you need to use the car park please be aware of small children, as these can be hard to see. Please can you all be vigilant of your children when accessing and leaving the grounds, ensuring they are kept safe, with you and not running within the car park.
